Client Relationship Summary (Form CRS/ADV Part 3)

December 10, 2024

ITEM 1: INTRODUCTION

The Forum Finance Group SA, is registered with the U.S. Securities and Exchange Commission as an Investment Adviser, CRD 284407 and regulated by the Federal Financial Market Supervisory Authority (“FINMA”) of Switzerland.

Investment advisory and brokerage services and fees differ, and it is important for retail investors to understand the differences. Free and simple tools are available to research firms and financial professionals at <https://www.investor.gov/CRS>, which also provides educational materials about investment advisers, broker-dealers and investing.

ITEM 2: RELATIONSHIPS AND SERVICES

What investment services and advice can you provide me? We provide investment advisory services to high and ultra-high net worth individuals and their families, as well as to foundations, trusts and estate planning structures. We offer advisory accounts that allow us to buy and sell investments in your account without asking or notifying you in advance (a “discretionary account”). Our investments and investment proposals are guided by the investment strategy which we define together with you, and which is tailored to your particular requirements, and by the restrictions you might impose. We also offer global consolidation and reporting services for clients with financial Accounts at more than one financial institution. We prefer that you invest a minimum of \$1,000,000 with us, though we may accept accounts below that amount. Related accounts can be aggregated.

Our Client Advisers monitor your investments regularly as part of our standard services.

More detailed information about our services is available in our Form ADV, Part 2A Brochure (Items 4, 7 and 13) at <https://adviserinfo.sec.gov>.

Conversation Starters. Ask your financial professional:

- Given my financial situation, should I choose an investment advisory service? Why or why not?
- How will you choose investments to recommend to me?
- What is your relevant experience, including your licenses, education and other qualifications? What do these qualifications mean?

ITEM 3: FEES, COSTS, CONFLICTS AND STANDARD OF CONDUCT

What fees will I pay? Our annual management fees for discretionary portfolios range between 0.50% and 1.25%. Fee amount depends on the size and complexity of the mandate with a maximum rate at 1.25% of the market value of the assets in the account. Non-discretionary advisory fees reach a maximum of 1.50% of the assets managed. Whether you choose our discretionary or advisory service, there will be an additional fixed administration fee of CHF 250. —per quarter. The annual fees for consolidation and reporting services range from 0.05% to 0.25% of consolidated assets. Fees are charged quarterly at the end of each quarter. For management fee calculation we use the market value of your assets as of the last business day of the following months: March, June, September and December. This fee model causes a conflict of interest since more assets in your advisory account mean more fees, thus our firm may have an incentive to encourage you to increase your assets in the account.

We may enter performance-based fee arrangements with qualified clients, subject to individualized agreements.

Our fees do not include custodian fees, fees for trade settlement, brokerage commissions, or taxes, nor management or other fees charged by funds and other transactional fees and product-level fees.

FORUM

FINANCE

You will pay fees and costs whether you make or lose money on your investments. Fees and costs will reduce any amount of money you make on your investments over time. Please make sure you understand what fees and costs you are paying.

More detailed information about our fees is available in our Form ADV, Part 2A Brochure (Items 5& 6) at <https://adviserinfo.sec.gov>.

Conversation Starters. Ask your financial professional:

- Help me understand how these fees and costs might affect my investments. If I give you \$10,000 to invest, how much will go to fees and costs, and how much will be invested for me?

What are your legal obligations to me when acting as my investment adviser? How else does your firm make money and what conflicts of interest do you have?

When we act as your investment adviser, we must act in your best interest and not put our interest ahead of yours. At the same time, the way we make money creates some conflicts with your interests. You should understand and ask us about these conflicts because they can affect the investment advice we provide you. Here are some examples to help you understand what this means. Employees personal trading activities or outside business interests can conflict with the trading activities and interest for your account. Employees can take improper advantage of material, non-public information arising from client relationships enabling employee to trade in advance of client trades.

More detailed information about our legal obligations are available in our Form ADV, Part 2A Brochure (Items 6 “side-by-side management”, 10 and 11) at <https://adviserinfo.sec.gov>.

Conversation Starters. Ask your financial professional:

- How might your conflicts of interest affect me, and how will you address them?

How do your financial professionals make money? Our financial professionals are compensated on a fixed salary model and may receive additional compensation such as bonus payments and similar incentives. However, such additional compensation is based on assets under management and not on account performance or trading activity.

ITEM 4: DISCIPLINARY HISTORY

Do you or your financial professionals have legal or disciplinary history? No. Visit <https://www.investor.gov/CRS> for free and simple search tools to research us and our financial professionals.

Conversation Starters. Ask your financial professional:

- As a financial professional, do you have any disciplinary history? For what type of conduct?

ITEM 5: ADDITIONAL INFORMATION

Where can I obtain additional information? You can obtain additional information on our website www.forum.finance or visit Investment Adviser Public Disclosure website <https://adviserinfo.sec.gov/>.

- Who is my primary contact person? Is he or she a representative of an investment adviser or a broker-dealer? Who can I talk to if I have concerns about how this person is treating me?
